- **Introduction of the event:**

The Faculty Development Programme corrodingly organized by Vidya Vikas College, Samudrapur and Matoshri Ashatai Kunawar Womens College, Hinganghat was held on 13th and 14th July 2023. The programme aimed to enhance the skills and knowledge of the faculty members and provide them with the necessary tools to excel in their teaching careers.

The inaugural function was hosted by Dr. Shilpa Samdurkar, IQAC Co-ordinator who served as the anchor for the event. The chief guest for the occasion was Dr. K. G. Rewatkar, Principal, Vidya Vikas College, Samudrapur and Dr. Sapana Jaiswal, Vice Principal, Vidya Vikas College, Samudrapur. The participation of esteemed guests added significance to the programme and set the tone for the sessions to follow.

On the first day, a session on "Strategic Planning: A roadmap ahead" was conducted by Dr. Shiny Chib, the Director and Research Head of Datta Meghe Institute

Workshop

The second session, titled "Self Analysis and Management," was conducted by Mr. Anurag Patankar, a freelancer facilitator associated with Nandi Foundation, Nagpur. Mr. Patankar provided valuable guidance on self-analysis and management skills, helping the faculty members understand how to effectively manage their time, resources, and personal development.

On the second day of the programme, a session on "Research Methodology" was conducted by Dr. Megha Kanetkar from C.P. & Berar College, Nagpur. Dr. Kanetkar shared her expertise in research methodology, guiding the faculty members on conducting research, collecting data, and analyzing findings for academic purposes.

The final session of the programme focused on the "New Education Policy" and was conducted by Dr. Ajay Kulkarni from C.P. & Berar College, Nagpur. Dr. Kulkarni enlightened the faculty members about the key aspects and implications of the New Education Policy, providing them with valuable insights into the recent changes in the education system.

The valedictory function marked the conclusion of the Faculty Development Programme, hosted by Dr. Nikhade with Dr. Bhende delivering the vote of thanks. The programme proved to be a success, as it helped the faculty members expand their knowledge, acquire new skills, and stay updated with the latest trends in the education sector.

Under the guidance and leadership of the chairpersons of the faculty development programme Dr. Nayana Shirbhate, Dr. Ramteke, Dr. Karmore, Dr. Somnath the programme was smoothly coordinated. The organizing committee of FDP Dr. Ambatkar, Mrs. Awaghade and Dr. Karmore played a crucial role in ensuring the smooth execution of the programme. Their dedication and efforts deserve appreciation for making this event a resounding success.

Objective of the event:

- To provide faculty members with a clear understanding of strategic planning and its relevance in the context of the personal and college's future growth and development.
- To enhancing the teaching and time managing skills of the faculty members.
- To provide information and guidance to Ph.D. holders regarding various job opportunities available to them.
- To discuss and understand the new education policy and its implications for senior colleges.

Outcomes

- Faculty Development Programme was a valuable platform for faculty members to enhance their skills and knowledge.
- The sessions conducted by renowned experts provided valuable insights and guidance, empowering the faculty members to excel in their teaching careers and contribute to the growth and development of the education sector.

Subject : Invitation to Deliver an Invited Talk on "Post Ph. D Career Prospect" at faculty development programme.

Dear Madam,

I hope this letter finds you in good health and high spirits. On behalf of Vidya Vikas Arts, Commerce and Science College, Samudrapur, I am delighted to extend our cordial invitation to you to deliver an invited talk on the topic of "Post Ph. D Career Prospect " to faculty of our esteemed institution.

The faculty development programme is scheduled to take place on 13th and 14th July 2023 at College Auditorium located on our institutions campus in Samudrapur. The theme of the programme is "DEDICATION TO ART OF TEACHING," and we believe that your expertise and experience in relevant field would greatly benefit our faculty members.

Your presence would be highly valued on 14th July 2023 during the afternoon session from 11:15 A.M. onwards. The duration of the talk is expected to be approximately 1.30 Hrs., followed by a question-and-answer session to encourage interactive learning and address any queries or doubts the faculty may have.

We believe that your insights and expertise would greatly contribute to the success of the programme and help our faculty members stay updated with the latest teaching techniques and strategies.

We eagerly look forward to your positive response. Should you have any questions or require additional information, please do not hesitate to contact us.

Thank you for considering our invitation, and we anticipate a fruitful and memorable session with you and our enthusiastic Faculties.

Warm regards,

Day 1 Session 1

Session 1	Strategic Planning "A roadmap ahead"
Speaker	Dr. Shiny Chib, Director and Research Head, Datta Meghe Institute of Management Studies, Nagpur
Objectives	to provide faculty members with a clear understanding of strategic planning and its relevance in the context of the Personal and college's future growth and development.
Duration	75 Minutes
Contents	Shiny Chib began the session by explaining the concept of strategic planning and its significance in achieving organizational goals. Throughout the session, Shiny Chib presented several case studies and real-life examples to illustrate the practical implementation of strategic planning in educational institutions. She discussed the various elements of a strategic plan, including mission and vision statements, goals and objectives, and action plans. The session concluded with a question and answer session, where faculty members had the opportunity to clarify their doubts and seek further guidance on implementing strategic planning in their respective departments. The overall feedback of the attendees would provide their satisfaction with the session and appreciated the insights shared by Shiny Chib.
Outcomes	Session 1 equipped attendees with the knowledge and skills required to contribute effectively to the college's strategic planning process and work towards its long-term growth and development.

Day 1 - Session 2

Session 2	Self Analysis and Management
Speaker	Mr. Anurag Patankar, Freelancer Facilitator in association with Nandi Foundation, Nagpur
Chairperson	Dr. Nayana Shirbhate
Objectives	To enhancing the teaching and time managing skills of the faculty members.
Duration	75 minutes
Contents	Mr. Anurag Patankar began the session by discussing the importance of self-analysis and management in personal and professional life. He emphasized the need for self-reflection and continuous improvement in order to achieve personal and professional goals. During the session, Mr. Patankar shared various techniques and strategies for self-analysis and management. He talked about the importance of setting goals, managing time effectively, and developing self-discipline. He also provided practical tips on improving communication skills, building positive relationships, and handling stress and work pressure. The session concluded with a Q&A session, where the faculty members had the opportunity to seek clarification on any doubts or queries they had.
Outcomes	The session provided valuable insights and practical strategies that can be applied in both personal and professional life.

Day 2- Session 3

Session 4	New Education Policy
Speaker	Dr. Ajay Kulkarni C.P. & Berar College, Nagpur
Chairperson	Dr. Ishwar Somnathe
Objectives	To discuss and understand the new education policy and its implications for senior colleges.
Duration	75 minutes
Contents	Dr. Ajay Kulkarni started the session by providing an overview of the new education policy. He explained that the new policy aims to bring significant reforms in the education system, focusing on making education more holistic, multidisciplinary, and flexible. He emphasized the need for a learner-centric approach and the incorporation of experiential and practical learning methods in the curriculum. He stated that senior colleges should collaborate with industries and provide skill-based training and certification programs to students. This would not only increase their employability but also bridge the gap between academia and industry. The speaker also discussed the provision of research and innovation in the new education policy. He stressed the need for colleges to promote research culture among faculty and students.
Outcomes	It provided valuable insights into the reforms and implications of the policy.

Day 2- Session 4

Program Report

One Week Online International Workshop On "Nano-Engineering in Science and Technology" (16th -22nd October 2023)

Workshop

Matoshri Ashatai Kunawar Arts, Commerce and Science Women's College, Hinganghat Dist. Wardha (Maharashtra) in collaboration with Department of Chemistry and Department of Physics of Vidya Vikas Arts, Commerce & Science College, Samudrapur, Dist. Wardha (Maharashtra) jointly organized One Week Online International Workshop on "Nano-Engineering in Science and Technology" on dated 16th - 22nd October, 2023 on Zoom Platform. The workshop was very much useful for faculties, research scholars as well as postgraduate students of all disciplines.

Registration Link of Workshop: <https://forms.gle/zXjrjaAWx8zNENd9>

Zoom Meeting Link:

Objectives of Workshop:

- To introduce a concept of Nano-science to participants.
- To create a space for a group of people to meet virtually and discuss questions, brainstorm ideas, identify problems, make decisions, and develop solutions related to Nano-engineering.
- A workshop provides an opportunity for teachers to learn new methods and techniques which they can use in their own classroom.

Outcomes:

- There was increased in vast knowledge, competence, or confidence of participants in a particular area of nanotechnology.
- There were clear statements of the skills, knowledge, and attitudes that participants will develop as a result of participating in the workshop.

1	16/10/2023 (1.30 pm – 2.30 pm) (Inauguration)	Dr. B. M. Nagabhushana Professor & Head Department of Chemistry M. S. Ramaiah Institute of Technology, Bangalore	Morphological Changes in Nanomaterials
2	17/10/2023 (1.30 pm – 2.30 pm)	Dr. Ratnesh Tiwari Professor and HOD Department of Physics Dr. C. V. Raman University, Kargi Kota, Bilaspur	Nanotechnology : A Revolution in Modern Era.
3	18/10/2023 (1.30 pm – 2.30 pm)	Dr. Vikas Dubey Associate Professor Department of Physics North-Ester Hill University (NEHU), Shillong, Meghalaya.	Nanophosphors and its applications.

4	19/10/2023 (1.30 pm – 2.30 pm)	Dr. Piyush S. Solanki Assistant Professor Department of Physics, Saurashtra University, Rajkot (Gujrat) India.	Potential Applications of functional oxides at nano scale
5	20/10/2023 (1.30 pm – 2.30 pm)	Dr. Raj Kumar Gupta Head of the Physics Department, Sardar Vallabhbhai Patel College, Bhabua VKSU, Ara, Bihar.	Study of Thermoelectric Properties of Nano- type Calcium Cobalt oxide ($\text{Ca}_3\text{Co}_4\text{O}_9$) materials.
6	21/10/2023 (1.30 pm – 2.30 pm)	Dr. R. C. Sawant Assistant Professor Department of Chemistry Dr. Ambedkar College, Deekshabhoomi, Nagpur	The Importance of nanoscale science and Technology
7	22/10/2023 (11.30 am – 12.00 pm)	Valedictory Program	-----

Day 1: Session with Dr. B. M. Nagabhushana:-

The first session of workshop started on 16th Oct 2023 with inaugural Session at 1:30 a.m. The Guest of honor was Dr. B. M. Nagabhushana, Professor and Head, Department of Chemistry, M. S. Ramaiah Institute of Technology, Bangalore and chaired by Dr. K.G. Rewatkar, Principal VVC Samudrapur, Dr. U. P. Tulaskar, Principal, MAK womens College, Hinganghat. Dr. N. S. Shirbhate (Vice-Principal VVCS), Mrs. S. W. Samdurkar (IQAC-coordinator), Dr. R. G. Gajbhiye (Convenor, VVCS), Dr. N. D. Shambharkar (Convenor, VVCS).

The Convener Dr. R. G. Gajbhiye addressed the gathering and mentioned the objective to conduct the one week online International workshop, also stated rules and regulations of this workshop. In this workshop more than 100 participants registered their name from different states and various disciplines like Engineering and Science, across from India and out of the India. Respected, Dr. K. G. Rewatkar, Principal V.V.C Samudrapur welcomed to the keynote speaker, all invited eminent experts and all the participants. Respected Principal Dr. K G. Rewatkar delivered the welcome speech and gave best wishes for the success of One Week Online International Workshop. Dr. P. S. Tale introduced the honorable Key-note speaker; Professor Dr. B. M. Nagabhushana who inaugurated the event and focused on his presentation on the topic "**Morphological Changes In Nanomaterials**" and inspired the participants by presenting a comprehensive overview of the factor contributing to morphological variation, including synthesis method, environmental condition and external stimuli. Case studies were discussed to illustrate how specific nano-materials undergo distinct morphological transformation under different experimental conditions.

Dr. R. G. Gajbhiye concluded the session and Dr. P. S. Tale proposed the vote of thanks to one and all. In this way the day 1 schedule was over here.

Day 2: Session with Dr. Ratnesh Tiwari

Dr. R. G. Gajbhiye, Assistant Professor, Department of Chemistry, VVCS started the session- 1 of Day 2 on dated 17/10/2023 to welcome one and all and informed about schedule then Dr. M. S. Ambatkar introduced briefly an eminent speaker of session 1 Dr. Ratnesh Tiwari, Professor and head, Department of Physics, Dr. C. V. Raman University, Kargi Kota, Bilaspur who presented his presentation on "Nanotechnology: A revolution in Modern Era".

The session, delivered by Dr. Ratnesh Tiwari, aimed to shed light on the profound impact of nanotechnology on modern society. Nanotechnology, operating at the nanoscale (typically 1 to 100 nanometers), has opened new frontiers in science and technology, promising breakthroughs in diverse fields.

The presentation on "Nanotechnology: A Revolution in the Modern Era" provided a comprehensive exploration of nanotechnology's far-reaching impacts. Dr. Ratnesh Tiwari effectively communicated the potential of nanotechnology to reshape industries and improve the quality of life.

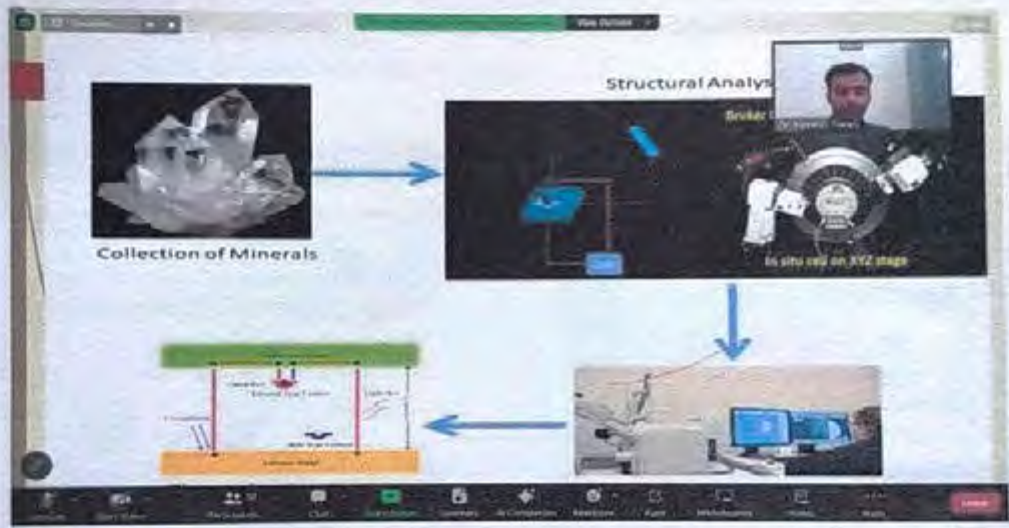

The session not only expanded the knowledge of participants but also ignited a sense of excitement about the future possibilities that nanotechnology holds. As we stand on the cusp of a new era, the transformative power of nanotechnology is set to redefine the boundaries of what is possible in science and technology.

Day 3: Session with Dr. Vikas Dubey

On 18/10/2023, Dr. M. S. Ambatkar, Professor and Head, Department of Zoology, VVCS enlightened the resume of Dr. Vikas Dubey, Associate Professor, Department of Physics, North-Ester Hill University (NEHU), Shilong, Meghalaya who delivered his speech on topic "Nano-phosphorus and its applications". Dr. Vikas Dubey's presentation on "Nano-phosphorus and its Applications" was both informative and engaging, providing a valuable exploration of a niche area within nanotechnology. The combination of theoretical foundations, synthesis techniques, and practical applications showcased the multidimensional aspects of nano-phosphorus.

The session left participants with a heightened appreciation for the potential of nano-phosphorus and a deeper understanding of their role in advancing various technological domains. The efforts of Dr. Dubey in sharing his expertise contribute significantly to the academic and research community at NEHU and beyond. The session of Day-2 was over followed by vote of thanks.

Day 3: Session with Prof. Dr. Wasan R. Saleh

The 2nd Session on dated 18/10/2023 was by Prof. Dr. Wasan R. Saleh, University of Baghdad/ College of Science/ Physics Department in Iraq. She was the expert in this session which is started by Dr. N. D. Shambharkar, and the Guest of speaker was introduced by Mr. S. R. Sarve, Assistant Professor and Head, Department of Physics, V.V.C.S. She spoke on the topic "Nanotechnology: Principles and Current Applications".

This talk briefly discussed Nanotechnology, with its foundational principles and current applications, stands at the forefront of scientific and technological progress. As research continues, the transformative impact of nanotechnology is likely to shape the future of various industries, offering innovative solutions to complex challenges. Some important energy problems facing third world countries and presents the current electric generation scenario in most of the developing countries with facts and figures in respect to India. While nanotechnology holds great promise, challenges such as ethical concerns, environmental impact, and safety issues must be addressed.

The future of nanotechnology includes advancements in nanomedicine, nanoelectronics, and nanomaterials, with potential breakthroughs in areas not yet imagined. At the end of the session Mr. S. R. Sarve proposed the vote of thanks.

Some Types of Nanostructures

Quantum dots (QDs)

- Quantum dots (QDs), also called semiconductor nanocrystals whose exciton is confined in all 3 dimensions of space
- QDs have properties combined between those bulk of semiconductors and those of atoms
- Different methods to create QDs
- QDs are bandgap tunable by size which means their optical and electrical properties can be engineered to meet specific applications.
- Broadband of applications
- QDs are semiconductor particles a few nanometres in size, having optical and electronic properties that differ from those of larger particles as a result of quantum mechanical effects. They are a central topic in nanotechnology and materials science.

Diagram illustrating Quantum Dots (QDs) of different sizes and colors, labeled as 1. 1.5nm (Blue), 2. 2.5nm (Green), 3. 3.5nm (Red), and 4. 4.5nm (White).

Graph showing PL Intensity vs Wavelength (nm) for different QD sizes. The x-axis ranges from 400 to 700 nm. The y-axis is PL Intensity. The graph shows three peaks corresponding to different QD sizes: 1.5nm (Blue), 2.5nm (Green), and 3.5nm (Red).

Day 4: Session with Dr. Piyush S. Solanki

The session began with Dr. R. G. Gajbhiye, Assistant Professor, Department of Chemistry of V.V.C.S by welcoming the Guest Speaker and all the participant of these one week online international workshop. Ms. Anushri Bhojar introduced the today's speaker Dr. Piyush S. Solanki, Assistant Professor, Department of Physics, Saurashtra University, Rajkot (Gujrat), India. He delivered his talk on the topic, "Potential Applications of functional oxides at nano scale".

The exploration of functional oxides at the nanoscale has garnered significant attention due to their unique properties and potential applications. This report delves into the discussions and findings of a workshop dedicated to uncovering the diverse applications of functional oxides in nanotechnology. Functional oxides are materials known for their intriguing electronic, magnetic, and optical properties. At the nanoscale, these materials exhibit enhanced functionalities, making them promising candidates for various applications across different sectors.

The workshop acknowledged challenges such as scalability, cost-effectiveness, and a need for a deeper understanding of nanoscale interactions. Future directions include interdisciplinary collaborations, innovative synthesis methods, and continued research to unlock the full potential of functional oxides.

The workshop provided a comprehensive overview of the potential applications of functional oxides at the nanoscale. From advancements in electronics and energy storage to healthcare and materials science, the unique properties of functional oxides open up exciting possibilities for transformative technologies. As researchers and industries continue to explore and overcome challenges, functional oxides are poised to play a pivotal role in shaping the future of nanotechnology.

Day 5: Session with Dr. Raj Kumar Gupta

Dr. Raj Kumar Gupta, Head, Department of Physics, Sardar Vallabhbhai Patel College, Bhabua, VKSU, Ara, Bihar was an expert in the session of Day-5. Dr. M. N. Narule, Head, Associate Professor, Department of Chemistry, VVCS took an initiative to introduce the speaker in front of the all who presented his speech on “Study of Thermoelectric properties of Nano-type Calcium Cobalt oxide ($\text{Ca}_3\text{Co}_4\text{O}_9$)”.

The study of thermoelectric properties of nano-type oxides involves investigating the ability of these materials to convert heat energy into electrical energy and vice versa at the nanoscale. Nano structured oxides exhibit unique characteristics that can enhance their thermoelectric performance compared to their bulk counterparts. The study of thermoelectric properties of nano-type oxides represents a multidisciplinary effort at the intersection of materials science, physics, and engineering. Through careful investigation and optimization, these materials hold the potential for improving energy efficiency and finding practical applications in waste heat recovery and power generation.

Ongoing research continues to push the boundaries of our understanding and application of nano structured oxides in the field of thermoelectrics. Then the session was concluded by vote of thanks by Ms. Monika Mauskar.

Introduction to thermoelectric

- In 1821, German physicist Thomas Johann Seebeck observed temperature difference between two dissimilar electrical conductors or semiconductors produces a voltage difference between the two substances.
- Peltier Effect (1834) : An effect whereby heat is given out or absorbed when an electric current passes across a junction between two materials.

The schematic diagram of the (a) Seebeck effect and (b) Peltier effect.

How to define thermoelectric materials?
By relating three properties i.e. Seebeck coefficient, electrical resistivity and thermal conductivity to arrive at dimensionless figure of merit, ZT
 $ZT = S^2/\rho\kappa$

Day 6: Session with Dr. R. C. Sawant

Day-6 was started by Dr. R. G. Gajbhiye, Assistant Professor, Department of Chemistry, V.V.C.S. who had welcomed all the participant of these one week online international workshop. Dr. Sapana Jaiswal introduces the speaker Dr. R. C. Sawant, Assistant Professor, Department of Chemistry, Dr. Ambedkar college, Deekshabhoomi, Nagpur. The expert presentation on the topic "**The Importance of Nanoscale Science and Technology**" provided a comprehensive overview of the significance, applications, and potential impact of advancements in the field of nanoscience and nanotechnology.

The presentation acknowledged challenges associated with nanoscale research, including ethical considerations, environmental impact, and potential health concerns. Responsible development and deployment of nanotechnologies were emphasized as crucial considerations for the scientific community and policymakers.

The expert provided insights into the future directions of nanoscale science and technology, envisioning continued breakthroughs in fields such as nanomedicine, nanoelectronics, and nanomaterials.

Interdisciplinary collaboration and innovation were highlighted as key drivers for unlocking the full potential of nanotechnology. The expert presentation successfully conveyed the importance of nanoscale science and technology in shaping the present and future of various industries.

Attendees gained valuable insights into the transformative potential of working at the nanoscale, from fundamental science to real-world applications. The presentation encouraged further exploration, collaboration, and responsible development to harness the benefits of nanotechnology for the betterment of society.

Valedictory:

On the last day of one week online international workshop. The Convener Dr. Rahul G. Gajbhiye and Dr. Nitesh D. Shambharkar presented the whole report of six days of one week online international workshop in front of all higher authorities and participants. Also mentioned that all the speakers followed their commitment very punctually and participants were taking interest to interact with the experts in each session. Each session was recorded.

On the behalf of Matoshri Ashatai Kunawar Women's College Hinganghat, Respected Principal, Dr. U. P. Tulaskar had shared his good views regarding one week online international workshop and appreciated the organizing committee for conduction and time-management. The programme ended with a vote of thanks was delivered by Principal, VVC Dr. K.G. Rewatkar. Dr. Rewatkar Sir had gratitude to all the speakers for gracing the occasion and sharing their opinions to enlightened our minds and have shown a new path during these six days. Also thanked to all the participants who had attached from various places to this one week online international workshop. He appreciated to convener, IQAC-coordinator and all committee members for the smooth conduction of these six days academic journey and congratulated for completion of task.

The programme was concluded with happy note from everyone. Then organizing committee shared the feedback link to the every participant on group.

Certificates of Six – Days one week Online International Workshope (16th – 22nd October 2023) are distributed.

• **Introduction of the event:**

Department of Zoology and Department of Botany of Matoshri Ashatai Kunawar Arts, Commerce and Science Women's College, Hinganghat and Department of Zoology and Department of Botany of Vidya Vikas Arts, Commerce and Science College Samudrapur jointly organized One Week Online Workshop on "**Frontier in Biological Sciences an Interdisciplinary Workshop**". This workshop is very much useful for research scholars, faculties as well as P.G students of all disciplines.

In this workshop, some most important biological concepts and techniques has been discussed by Resource persons. The workshop was held online on Zoom platform.

• **Objective of the event:**

The objectives of Workshop on biological Sciences are multifaceted and encompass a wide range of goals, including:

- To inculcate scientific attitude and scientific temper in participants so that they can understand the prevailing situations, perceive the problems and work scientifically to resolve them.
- To develop skills of scientific inquiry to design and carry out scientific investigations and evaluate scientific evidence to draw conclusions.
- To provide a chance to interact with experts from the field of biology.
- To discuss about the relevant topics in the biological sciences and to learn about the latest information and new skills related to the subject.

• **Outcomes:**

- To Demonstrating critical thinking skills
- To identify the characteristics and basic needs of living organisms and ecosystems.
- To introduce a new concept, spurring participants to investigate it further on their own.

Pass code: 080006

The six days workshop started on 23rd October 2023 with inaugural Session at 1 PM. Guest of honour was **Dr. Satish Malode**, Professor and Head, Department of Botany G.V.I.S.H Amravati and chaired by Dr. K. G. Rewatkar Principal VVC Samudrapur, Dr. Umesh Tulaskar, Principal MAK College, Dr. N. Shirbhate (Vice-Principal VVC), Dr. S. Pahade (IQAC-coordinator), Dr. A.M. Bhende (Convener) and Dr. V.G. Manwatkar (Convener).

The Convener **Dr. Archana Bhende** addressed the gathering and mentioned the objective to conduct the Faculty Development programme. She also stated rules and regulations of this Faculty Development Program. In this Programme more than 76 participants registered their name from different states and various disciplines like Horticulture, Floriculture, Engineering, Science, Commerce, Management, Economics etc. across from different states. Respected **Principal VVC, Dr. K. G. Rewatkar** welcomed to the keynote speaker, all invited eminent experts and all the participants. He briefed about the various skills and advanced technology in teaching-learning process as well as research area. Respected Principal of Matoshri Ashatai Kunawar Women's College, Hinganghat Dr. Umesh Tulaskar Sir delivered the welcome speech and gave best wishes for the success of workshop.

Professor **Dr. Satish Malode** who inaugurated the event and focused on his presentation on the topic "**Mutation breeding and crop improvement**" and inspired the participants to acquire the advance skills to survive in the agricultural field. Also stated opportunities for better future. Later on, the first day speaker respected **Dr. Satish Malode**, introduced by Dr. Naina Shirbhate. She told to give the students such a platform like Knowledge center to come out their new ideas. Dr. Archana Bhende concluded the session followed by vote of thanks to all participants with the request to fill up the feedback form of respective sessions on the provided link on telegram group. In this way the day 1 schedule was over here.

Session 2: Guest Speaker: Dr. Deovrat Begde

Topic: Drosophila as a Model System

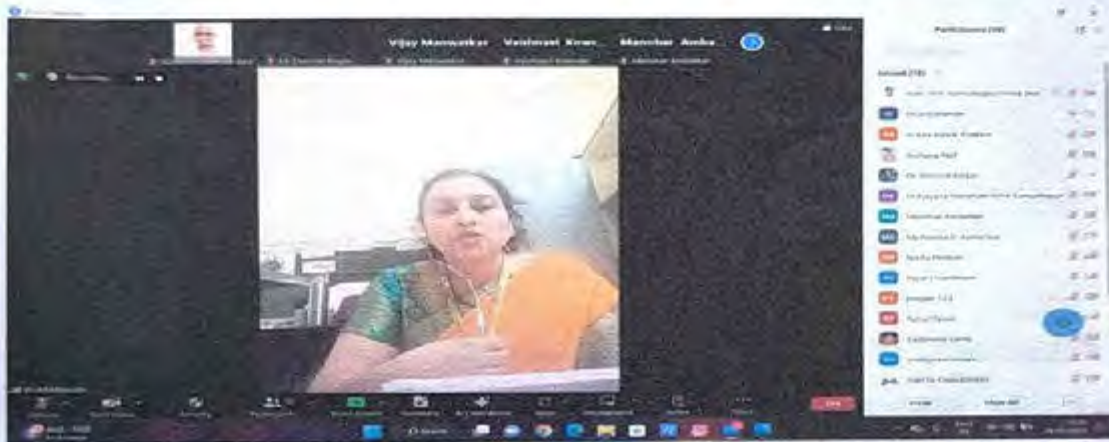

Zoom Platform link:

Pass code: 080006

Dr. A.M. Bhende, Assistant Professor, Department of Zoology, V.V.C.S started the session of Day 2 to welcome all at 1pm and introduced briefly an eminent speaker **Dr. Deovrat Begde**, Associate Professor, Department of Biochemistry and Biotechnology Dr.Ambedkar College Deekshabhoomi Nagpur who presented his presentation on "**Drosophila as a model system**". The second day speaker respected **Dr. Deovrat Begde**, introduced by Dr. Shilpa Pahade.. In this session, he explained the *Drosophila* as a model organisms for genetic and molecular biology research. His talk was very informative and inspired participants for molecular biology research . The session of Day-2 was over followed by vote of thanks.

Session 3: Guest Speaker: Abhijit B. Mane

Topic: Biodiversity and its Conservation

Zoom Platform link:

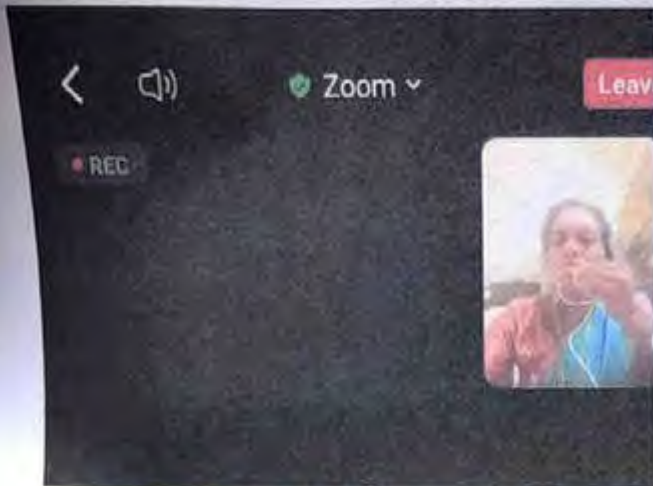

<https://us06web.zoom.us/j/84176967358?pwd=l6QC0dHwqzQa3otAR39aDaPPXOtPJX.1>

Pass code: 080006

On day 3 of workshop, **Respected Dr. Abhijit Mane**, Assist. Professor Department of Zoology Dr. Patangrao Kadam Mahavidyalaya Ramanandnagar (Burla), was the expert. His introduction was given by Dr. Mr .S.R. Sarve , Assistant Professor , Department of Physics , V.V.C.S. He spoke on the topic **“Biodiversity and its Conservation”**.

This Talk briefly discussed some important biodiversity depletion problems facing third world countries. The speaker shared some of his personal experience to overcome the problem of deforestation and how we are responsible for global warming and green house effect. At the end of the session Dr. Archana Bhende proposed the vote of thanks.

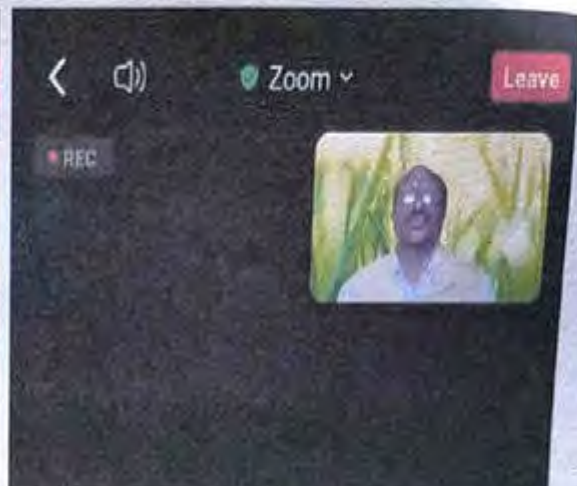

BIODIVERSITY & IT'S CONSERVATION

ECOSYSTEM DIVERSITY

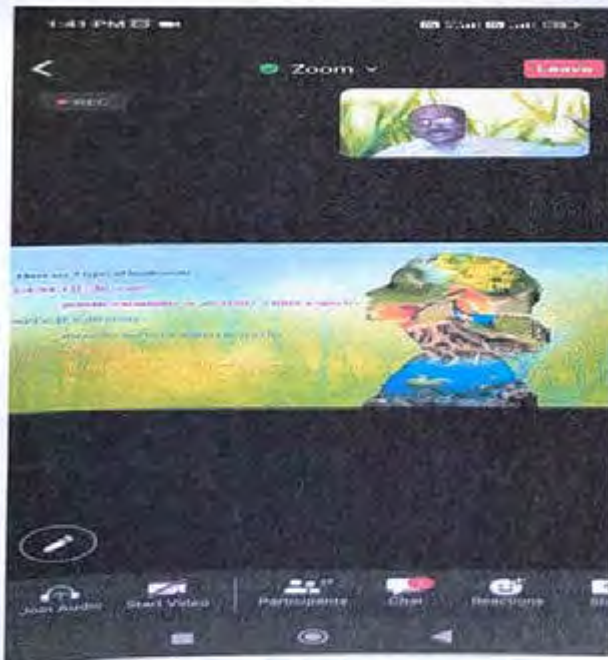

It describes the assemblage and interaction of species living together and the physical environment of a given area.

It varies varieties of habitats, biotic communities ecological processes in biosphere.

It also tells about the diversity within the ecosystem. For example, the landscapes like grasslands, deserts, mountains etc. show ecosystem diversity.

The ecosystem diversity is due to diversity of niches, trophic levels and ecological processes like nutrient cycling, food webs, energy flow, role of dominant species and various related biotic interactions.

• Such type of diversity can generate more productive and stable ecosystems or communities capable of tolerating various types of stresses e.g. drought, flood etc.

BIOPIRACY

The practice of commercially exploiting naturally occurring biochemical or genetic material, especially by obtaining patent that restrict its future use, while failing to pay fair compensation to the community from which it originates.

Biopiracy: The search for biological resources & accumulating indigenous knowledge for commercial exploitation. A process of appropriation and commercialization of natural products and materials. Biopiracy is legal but may promote inequity.

Biopiracy operates through unfair application of patents to genetic resources and traditional knowledge. Biopiracy is the theft or misappropriation of genetic materials especially plants and other biological resources by the patent process. Example: use of indigenous knowledge of medicinal plants for patenting by medical companies without recognizing the fact that the knowledge is not new, or invented by the scientists. Biopiracy denotes the unfairness, community to the culture.

Session 4: Guest Speaker: Dr. H. D. Bhartiya

Topic: Agricultural Pollution

Pass code: 080006

The session began with Dr. Archana Bhende, Assistant Professor, Department of Zoology V.V.C.S. by welcoming the world rank scientist **Dr. H. D. Bhartiya**, Professor and Head, Department of Botany, Bipin Bihari PG College, Jhansi(U.P.). Respected **Dr. H.D.Bhartiya** presented his talk on "**Agricultural Pollution**" which is very important topic for a current affairs. The guest was introduced by Mr V.G.Manvatkar, Assistant Professor, Department of Botany, V.V.C.S. The session was ended by the vote of thanks proposed by Dr. A.M. Bhende.

Session 5: Guest Speaker: Dr. Umesh B. Kakde
Topic: Environmental Pollution and Management

Pass code: 080006

Dr. Umesh B. Kakde Professor at Indian Institute of Science Mumbai Joint Director Higher Education Solapur Region Solapur was an expert in the first session of Day-5. Ms. Shital Awaghade, Assistant Professor, Department of Chemistry, V.V.C.S took an initiative to introduce the speaker in front of the all who presented his speech on "Environmental Pollution.

He realised to the participants that we are the main pollutants and the pollution created by human being now a day's affecting itself. Session was concluded by vote of thanks by Dr.A.M.Bhende.

Session 6: Guest Speaker: Dr. G. Balasubramani
Topic: Genome Editing

Pass code: 080006

In the last day, the session started with the well-known speaker **Dr. G. BalaSubramani**, Principal Scientist (Biotech), ICAR- Central Institute of Cotton Research, Nagpur. Dr.M.S. Ambatkar Sir, Head & Professor, Department of Zoology, V.V.C.S introduced the expert who delivered his talk on "CRISPR

Cas9 Technology Principles and Applications". His presentation included the definition of CRISPR-Cas9 which has been used in a growing number of monocot and dicot plant species to enhance tolerance to biotic and abiotic stresses, among other applications, the CRISPR-Cas9 system consists of a programmable Cas9 nuclease and a synthetic short guide RNA etc.

Dr. A. M. Bhende, Assistant Professor, Department of Zoology, V.V.C.S got the privilege to vote of thanks of the eminent expert **Dr.G. Balasubramani**.

Valedictory:

At the end of the workshop, **Dr. Archana Bhende, Convener of FDP**, presented the whole report of seven days online Faculty Development Program cum Workshop in front of all higher authorities and participants. Also she mentioned that all the speakers followed their commitment very punctually and participants were taking interest to interact with the experts in each session. Each session was recorded.

On the behalf of Matoshri Ashatai Kunawar Arts, Commerce and Science Women's College, Hinganghat, **Dr. Umesh Tulaskar Sir** had shared his good views regarding workshop and appreciated the organizing committee for conduction and time- management. The programme ended with a vote of thanks which was delivered by Principal, V.V.C.S. **Dr. K.G. Rewatkar**. He extended vote of thanks to all key note speaker, honourable **Dr. G. Balasubramani** and **Dr. Satish Malode**, **Dr. Umesh**

Kakde. Dr. H. Bhartiya , Dr. Deorat Begde ,Dr. Abhijit Mane with all participants and to our chief guest who spared his valuable time to grace the occasion in six days online faculty development programme. Dr. Rewatkar Sir had gratitude to all the speakers for gracing the occasion and sharing their opinions to enlightened our minds and have shown a new path during these six days.

He also thanked to all the participants who had attached from various places to this workshop. He appreciated to convener, IQAC- coordinator and all committee members for the smooth conduction of these six days academic journey and congratulated for completion of task. The programme was concluded with happy note from everyone.

• Introduction of the event:

Department of Zoology and Department of Chemistry of Matoshri Ashatai Kunawar Arts, Commerce and Science Women's College, Hinganghat jointly organized One day Workshop on "Creative Making of Hanging Bird Feeders" on the occasion of World Water Day.

In summer season, there is scarcity of water. Most of the birds get dehydrated and dead due to unavailability of water in sunny days. By keeping this thought in mind, our college organized a workshop on making of hanging bird feeders for birds. This was a little effort of students to express humanity and love towards nature.

Objective of the event:

The objectives of Workshop are multifaceted and encompass a wide range of goals, including:

- To raise awareness in students about global warming and consistently decreasing water level on earth.
- To express humanity and love towards nature and its components.
- To provide a chance to develop various skills in students.
- To discuss about the conservation of water for better future.

Outcomes:

- Students get awareness and concerned about decreasing water level day by day.
- They know the importance of every living organism in our ecosystem.
- Students learned various skills for making bird feeders.
